Re: *Important Notice Regarding Ansell Facility Located
at 1300 Walnut Street, Coshocton, Ohio*

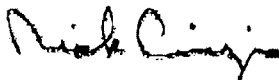

Dear Sir/Madam:

Ansell Protective Products Inc. ("Ansell") has reviewed its operations and made the decision to close the manufacturing operation at its facility located at 1300 Walnut Street, Coshocton, Ohio 43812 (the facility or "Coshocton Plant"). Certain non-manufacturing functions will likely continue at the Coshocton Plant for a period of time.

The terminations are expected to take place between November 23, 2011, and late January 2012, in four phases: November 23, 2011, December 9, 2011, December 22, 2011, and late January 2012. As of the date of this notice, Ansell expects to terminate the employment of [55] employees and that the shutdown of manufacturing operations at the Coshocton Plant will be permanent. Exhibit A to this notice sets forth the job titles of the positions affected by this closure and the corresponding number of employees in each job title. Given that all Coshocton Plant manufacturing operations will cease, no bumping rights exist for this layoff. Ansell's employees at this facility are not represented by a union.

Should any notice be required pursuant to the Worker Adjustment Retraining and Notification Act ("WARN Act") by Ansell as result of the above, this notice is intended to and will serve as the WARN Act notice on behalf of Ansell pursuant to 20 CFR 639.7(f).

Please contact Lisa Croft at 740-623-3527 should you need additional information.

Nick Ciuzio
Director of Operations
