Dear Ms. Canfora:

Nash Finch Company has developed plans to restructure operations that will affect the facility located at 5425 Dixie Highway in Bridgeport, Michigan. Consistent with these plans, employment separations are expected to commence on or about July 23, 2010. We anticipate that these plans, when finalized, would be permanent and would affect the entire facility.

At this time, the Company anticipates that a group of affected employees will have their employment terminated on July 23, 2010, or during a 14-day period that begins on that date. A list of job titles and the number of employees currently holding affected positions accompanies this letter as Attachment A. This announcement and the above timetable are based on the best information currently available. However, various factors may still affect these plans and the timing of employee separations. You will be informed of any changes or as additional information becomes available.

Hoffa, General President of the International, International Brotherhood of Teamsters, Office of the General President, 25 Louisiana Avenue, N.W., Washington, DC 20001. Any bumping rights for affected union-represented employees would be governed by union agreements. Bumping arrangements are not available for affected non-union employees.
