RAPID RESPONSE
WORKFORCE PROGRAMS

Director
Workforce Transition Unit
Michigan Jobs Commission
201 N. Washington Square, 5th Floor
Lansing, MI 48913

Re: Plant Closing Notification

Dear Director:

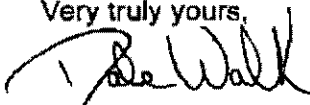

This letter constitutes written notice as set forth in the Worker Adjustment and Retraining Notification Act (29 USC §2101 et seq.), that Morley will be moving from its location in Flint, Michigan. This move will result in an "employment loss" of 50 (fifty) or more full-time employees employed at Flint, Michigan. For this reason, we thought it appropriate to provide notice to our potentially affected employees, the appropriate units of local government and the state dislocated worker unit. Employees were advised through hand delivery of the Notice to Non-represented Employees on July 16, 2009.

The location where there will be an employment loss of 50 (fifty) or more employees is as follows: Great Lakes Technology Center, 4100 South Saginaw Street, Flint, MI 48507.

1. Further information can be obtained by contacting Dale Walk; contact information available in the header of this letter.
2. For the job titles of the positions that may potentially be affected, the number of potentially affected employees currently holding those jobs, and the total number of potentially affected employees at the location described above, see Appendix A attached hereto.
3. The expected date when the move will begin, and when the employment relationship between Morley and its employees will transition is September 18, 2009.
4. The location where the employment loss will occur is non-union. Potentially affected employees therefore have no bumping rights, nor are bumping rights implicated by the sale.

The information provided in this notice is based on the best information currently available to Morley.

Very truly yours,

Dale Walk

Enclosures
