Dear Fleetwood Travel Trailer Associate:

This notice is provided to you under the Workers' Adjustment and Retraining Notification (WARN) Act.

These challenging times have had an enormous impact on the recreation vehicle industry. Fleetwood's Travel Trailer division has suffered in particular, despite our best efforts to turn it around. We sincerely regret to inform you that we have decided to withdraw from the Travel Trailer business in order to focus on our Motor Homes and Manufactured Housing businesses.

We will cease production of travel trailers and begin closing your manufacturing or service facility. This process is expected to take 30-45 days, and we expect this closure to be permanent. As a consequence, all associates, other than those asked to assist in the winding down of the operations, will be permanently laid-off, effective today, March 9, 2009. There are no "bumping" rights that would permit you to transfer to another Fleetwood facility.

A check for regular wages earned will be sent to you soon. We will also provide information shortly about any benefits that may be outstanding as of this date.

We thank you for the loyalty you have shown to Fleetwood. We want you to know that this business decision is not a reflection of your work performance. Over the past several years, Fleetwood's Travel Trailer division has shown many improvements in its product lineup, but current market conditions are too severe to permit a timely recovery. We appreciate your hard work and support and wish you well in your future work.

Should you have any questions concerning these or other matters, please contact me directly at 951-351-3841.

Sincerely,

Evelyn Guter
Director, Human Resources
