Re: WARN Notice - Metaldyne, Inc.

Dear Sir / Madam:

On behalf of Metaldyne Corporation, we are providing the enclosed information pursuant to the Federal Worker Adjustment and Retraining Notification Act ("WARN Act").

Metaldyne's primary customer, Chrysler, has just advised us that they will be de-sourcing the Edon facility from their supplier base. Due to this unforeseen action by our customer, Metaldyne is indefinitely laying off employees at its facility located at 507 West Indiana Street, Edon, Ohio 43518. Sixty-two (62) employees are currently affected by the indefinite layoffs.

A list of the currently affected employees and their respective job classifications is included as Attachment A. Other employees who are currently actively employed are listed in Attachment B. They may also be affected by future layoffs, depending on various factors, including the possibility of other employees exercising certain bumping rights, resulting in the layoffs of some or all of these employees.

Some of the employees are represented by the United Electrical, Radio and Machine Workers of America Union (UE) and its Local No. 715. The President of UE Local 715 is Mr. Sean G. Wildrick.

If further information is needed, please call: (734) 207-6550.

Very truly yours,
