RAPID RESPONSE  
WORKFORCE PROGRAMS

SUBJECT: Notice of Plant Closing Pursuant to the Provisions of the WARN Act,  
29 USC 2107(a)

Dear Ms. Canfora,

Pursuant to the provisions of the "Worker Adjustment and Retraining Act" (WARN) you are hereby notified of a planned employment reduction in the form of a Plant closing, as defined by the WARN Act, at the General Motors Corporation, Service and Parts Operations, Drayton Plains Processing Plant, 5260 Waterford Lake Road, Waterford, MI 48329.

This cessation of operations is a result of the decision to close Drayton Plains Processing Plant which was originally announced on February 3, 2006. Specifically, the lack of demand for GM Products and Parts and overcapacity of parts packaging resources will result in the closure of Plant operations. We currently anticipate that a permanent layoff will occur March 31, 2009. The Plant closure could affect approximately 108 hourly rated employees represented by the United Automobile and Aerospace and Agricultural Implement Workers (UAW), 8000 East Jefferson, Detroit, Michigan, 48214, Ronald Gettelfinger, President.

An additional one (1) Salaried employee will be subject to potential separation and may be eligible for benefits payable under the GM Severance Program (GMSP) on March 31, 2009.

The currently anticipated hourly and salaried job classifications and the number of employees to be impacted are attached.

Attachment I - UAW classifications and the number of employees who will be laid off pursuant to the local Seniority Agreement.

Attachment II - Non-represented salaried classifications and the number of employees who will be subject to potential separation.

Represented employees laid off by this action may be eligible to receive state unemployment compensation and/or Supplemental Unemployment Benefits in accordance with Exhibit D of the Agreement between General Motors Corporation and the UAW dated September 26, 2007. Non-represented salaried employees may be able to receive state unemployment compensation and/or supplemental benefits as applicable.

No bumping rights exist in this matter.

If you have any further questions regarding this matter, please contact:

Rita Derencius  
Personnel Director  
GM Service and Parts Operations  
Mail Code: 484-391-110

Dear Ms. Derencius:

This letter serves as confirmation that on November 26, 2008, the State of Michigan's Rapid Response Section in the Michigan Department of Labor & Economic Growth received your correspondence dated November 24, 2008, regarding the closing of the facility located at the GM Corporation, Service and Parts Operations, Drayton Plains Processing Plant, 5260 Waterford Lake Road, Waterford, Michigan. This information has been forwarded to the Michigan Unemployment Insurance Agency and the local Michigan Works! Agency that provide additional training and assistance specifically to dislocated workers.

A staff person from our office will be contacting you or your designated representative in the near future in order to discuss various services and programs that may be available to those affected workers.

Thank you for your cooperation.

Sincerely,

Chong-Anna Canfora,  
Director  
Rapid Response Section
