Re: Worker Adjustment Retraining Notification Act Notice

To Whom it May Concern:

This notice is being provided pursuant to the Worker Adjustment and Retraining Notification Act of 1988, which requires employers to give official notice to certain government units or officials of a pending facility shutdown.

It is expected that Jevic Transportation, Inc.'s facility located at 3010 East Crescentville Road, West Chester, Ohio 45069 will be shutdown. All positions at this facility will be eliminated. It is expected that 104 employees will be affected by the closure. The planned action is expected to be permanent. The employees will be terminated no earlier than June 2, 2008 and they will be paid at least through that date. However, some employees may not have to work after a date occurring prior to June 2, 2008. Effected employees do not have bumping rights. No employees are represented by a union.

The following information will be maintained on site and readily accessible for your review:

- a. the anticipated schedule for making separations; and,
- b. the job titles of positions to be effected and the number of effected employees in each job classification.

Should you have any questions, please contact Jim Aromando, Vice President of Human Resources, at (800) 257-0427.

Very truly yours,

David H. Gorman
President and CEO
