Columbus, Ohio 43219

Subject: Notice of Reduction of Production Pursuant to the W.A.R.N. Act

Pursuant to the "Worker Adjustment and Retraining Notification Act" (W.A.R.N.) you are hereby notified of a planned reduction of 2<sup>nd</sup> shift production operations as defined by the W.A.R.N. Act, at GMVM Lordstown Complex, Warren, Ohio.

Specifically, it is anticipated that a reduction of 2<sup>nd</sup> shift production operations of the vehicles produced at the GMVM Lordstown Complex will necessitate the re-location or separation of approximately 109 salaried employees on March 31, 2009. The reduction of production operations is due to the dramatic, unforeseen, and continuing decline in customer orders for those vehicles. The reduction of production operations will result in the re-assignment of 109 salaried employees or, if no re-assignment is available their separation from employment. Separated employees may be eligible for severance benefits as determined by Corporate policy.

Attachment: Salaried job titles that will be affected

Salaried employees whose employment is involuntarily terminated will receive severance benefits if otherwise eligible and/or State Unemployment Compensation Benefits. No bumping rights exist.

Any questions regarding this matter may be directed to:

Gerald D. Butler  
Personnel Director  
GMVM Lordstown Complex
