Dear Ms. Canfora:

Please be advised that Knight Facilities Management, Inc. will no longer be providing services at the Warren GM Tech Center effective December 31, 2012. Most KFM employees working at the Tech Center will work until just prior to year-end (between December 23, 2012 and December 31, 2012).

It is anticipated that two hundred seventy-seven (277) employees will be affected by the above-referenced closure. Attached is a list of the affected positions and the number of employees holding each position. Affected employees do not have bumping rights. Most of the affected employees are represented by the United Auto Worker, Local 160. Jerry Gillespie is the chief elected officer of the Union.
