Re: Worker Adjustment Retraining Notification Act Notice

To Whom it May Concern:

This notice is being provided pursuant to the Worker Adjustment and Retraining Notification Act of 1988, which requires employers to give official notice to certain government units or officials of a pending facility shutdown.

It is expected that Jevic Transportation, Inc.'s facility located at 5340 W. 161<sup>st</sup> Street, Brook Park, Ohio 44142 will be permanently shut down on or about June 2, 2008. Approximately 78 employees will be affected at this location.

The company was seeking financing or other alternatives that would have enabled it to continue operations. However, it has been unsuccessful due in part to the unforeseeable tightening of the credit markets.

No employees are represented by a union.

The following information will be maintained on site and readily accessible for your review:

- a. the anticipated schedule for making separations; and,
- b. the job titles of positions to be effected and the number of effected employees in each job classification.

Should you have any questions, please contact Jim Aromando, Vice President of Human Resources, at (800) 257-0427.

Very truly yours,

David H. Gorman  
President and CEO
