Worker Adjustment and Retraining Notification (WARN) Act

In accordance with the Worker Adjustment and Retraining Notification (WARN) Act, this letter serves as the United States Enrichment Corporation's (USEC) 60 Day Advance Notice of a "Mass Layoff" or "Plant Closing" as defined under the WARN statute that will begin May 9, 2011 at the USEC Government Services (GS) location in Piketon, Ohio. The USEC facility is located on U. S. Route 23 in Pike County, approximately 25 miles north of the city of Portsmouth, Ohio. The plant address is P. O. Box 628, 3930 U. S. Route 23 South, Piketon, Ohio 45661.

It is anticipated that the reduction-in-force will affect approximately 100 employees at the Piketon USEC facility who are represented by the Security, Police, Fire Professionals of America (SPFPA) Union, Local 66.

USEC's work on its Cold Shutdown Contract with the Department of Energy (DOE) is to conclude by March 28, 2011 and it is anticipated that security services currently provided at the Piketon site will no longer be provided by USEC. Further, it is USEC's understanding that one of the Department of Energy's contractors, will continue to perform some of the security work currently performed by USEC and that the contractor(s) intend to offer employment to USEC SPFPA-represented employees. The specific timing, number and terms of such offers are the responsibility of DOE or its contractor and USEC is not able to make any representations regarding DOE or its contractor's plans at this time. DOE or its contractor will provide information directly to the workers.
