WORKFORCE PROGRAMS

Dear Ms. Canfora:

Subject: Notice of Plant Closing Pursuant to the W.A.R.N. Act

Pursuant to the "Worker Adjustment and Retraining Notification Act" (W.A.R.N.) you are hereby notified of a planned employment loss as a result of a plant closing as defined by the W.A.R.N. Act, at General Motors, Flint Assembly Center, Flint, Michigan.

Specifically, it is anticipated that the Medium Duty Truck operations will cease production and be eliminated on August 7, 2009. The elimination of Medium Duty Truck operations is due to a decline in customer demand for this product produced at the Flint Assembly Center and will result in the re-assignment within General Motors of approximately 43 salaried employees. If no re-assignment is available, these salaried employees may be eligible for severance benefits as determined by current Corporate policy. Though the cessation is expected to be effective August 7, 2009, salaried employees may be directed to report to work indefinitely past the August 7, 2009 effective date to assist in matters relating to the cessation of the Medium Duty Truck Operations. Under salaried policy, employees will be paid for the duration of their contractual period of employment (i.e., through the end of the month in which they last work).

Attachment: Salary job titles that will be affected

No bumping rights exist. Salary employees, whose employment is involuntarily terminated, will receive severance benefits if otherwise eligible and/or State Unemployment Compensation Benefits.
