Dear Sir/Madam:

RE: WARN

We are providing this Notice in accordance with the Worker Adjustment and Retraining Notification Act (WARN) which encourages, and in many instances requires, employers to provide advance notice to its workers, unions, local government and the state when terminating a significant number of employees.

In order to balance its budget for the 2009-2010 fiscal year, Miami University - Oxford has determined that, in addition to the current hiring freeze and retirement incentive, it must achieve even greater efficiencies and permanently reduce its workforce.

The University anticipates that it will eliminate approximately 199 positions at the Miami University - Oxford campus, 144 of which are vacant. Fifty-five (55) currently filled positions will be eliminated beginning June 30, 2009. Classified (hourly, non-bargaining unit) employees will be afforded bumping and recall rights based on the University's civil service rules. Hourly bargaining unit employees' bumping and recall rights are governed by the applicable provisions in the AFSCME collective bargaining agreement. Miami University - Oxford bargaining unit employees are represented by AFSCME Local 209. The president of the local union is Mattie Gray, and her address is Miami University, East End Building, Oxford, Ohio 45056.

Unclassified (salaried) employees with more than five years of service have rights to a period of professional leave after their active employment terminates. Unclassified employees do not have bumping or recall rights.

In addition to these position eliminations, the University is selling the assets of its software unit, redLantern, to CollegeSource, Inc. As a result of the sale, the University will terminate the positions of twenty-seven (27) employees who are assigned to the redLantern unit on June 30, 2009. We anticipate that many of these employees will be offered employment with CollegeSource, Inc. CollegeSource, Inc., a California-based company, will operate redLantern out of its current Oxford location for up to 18 months and intends to keep the redLantern operation in the region thereafter.

The University also intends to transfer the operations of our public radio station, WMUB, to Cincinnati Public Radio. As a consequence, the University will terminate the positions of ten (10) employees who are assigned to WMUB.

A list of all the affected positions is attached. Miami University intends to offer outplacement and transition services to all affected employees. It is our hope that these programs will aid all employees in the transition to new employment. If you need additional information or have any questions, please contact me at 529-4226 or at the address listed above.

Sincerely,
